ABOUT THE COLLEGE

The elite institution, Science College, Konkorada was established in 19th July 1981 on a historical site as evident from the Archaeological findings which is adjacent to famous Narayani temple. It is believed that the land on which the college is situated has its own historiography. Because certain historical ruins had emerged while digging the foundation of college building. It is an institution of higher education affiliated to Berhampur University.

As a representative institution of local cultural heritage, it caters to the needs of the Harijans, Girijans and economically under developed people below the poverty line for higher education. It has undoubtedly attained a premier position in imparting higher education. It has grown in its stature and strength and has become the finest educational institutions dedicated to the pursuits of knowledge and excellence.

This institute implements outcome based education techniques to help students navigate the rapidly changing landscape of technically advanced world. It also prepares its students with intellectually inspired learning which are essential to meet the hurdles in every walk of their life. The quality education imparted by this institution will enlighten the students mind and enthuse their hearts towards always aiming high.

SIGNIFICANCE OF THE SEMINAR

With a view to enriching the minds of our young students, we as the teachers not only disseminate through teaching-learning process but also provide them practical education of serving for others throughout life. Let our students practice *krunwantu sarbe bishyam Aryam* means to build up themselves more polite, gentle, sober, humane and moderate in this time of de-humanized mechanical world. In addition to that, we wish to materialize the true aim and objective of Higher Education since ancient India with the enhancement of personal and academic quality that the value of our education would lead us to *sa bidya ya bimuktya*, literally means the learning that gives us liberation at the end.
